PROFILE

ODITRONICS TECHNOLOGY PVT LTD.

- Year of Incorporation, May 2017, Company Is mainly in to contract manufacturing of various types of SMPS like Desktop PC, Servers, Gaming Station, Work Station, power supply for Surveillance Products, Customized VRM, DC Power Adapters, USB Charger for mobiles & customised Power Supply, LED Bulbs for home lighting, Drivers for LED lights
- Our factory is located at capital city of Maharashtra, Mumbai (Vasai) Navghar . INDIA
- Contract manufacturing -**
Desktop SMPS / Gaming SMPS / Power Adapters / USB Chargers, Power Supply for LED Drives & Customized SMPS & Power Supply.
- In House TRC/RMA Support** through Reverse Logistic Process / TRC Infrastructure Technology Consultant - IT, Surveillance & Consumer Electronics.

Our Products Range

- Desktop Computer SMPS**
 - Entry Level PS3 SMPS - 300 W - Support up to Intel i-7
 - Mid Range 500-600W Gaming Series SMPS
 - High End Professional Series Desktop SMPS 750-1000W - For all Application
- Power Supply for Surveillance Cameras**
 - 12 VDC 5 Amps 4 CH (Metal & AVS Plastic Body)
 - 12 VDC 10 Amps 8 CH (Metal & AVS Plastic Body)
 - 12 VDC 15 Amps 16CH (Metal & AVS Plastic Body)
 - 12 VDC 5 Amps 1 CH/4 Cameras/Industrial Application
 - 12 VDC 10 Amps 1 CH/8 Cameras/Industrial Application
- Drivers for LED Panel Lights (Metal Slim Body)**
 - 12 VDC 2 Amps to 20 Amps
 - 24 VDC 2 Amps to 20 Amps
- Drivers For LED Bulbs/Tube Lights/Street Light/Flood Light/COB LED Light**
 - 3W -300 mA to 50W 1200 mA
- LED Lights for Home /Office/Shops & Malls**
 - Bulb - 3W to 40W with Different Body size 57mm/65mm/75mm/80mm/85mm
 - Street Light 30 W to 100 W with sensor /wo sensor
 - Down Panel light - Round & Square 4 " to 12"
 - COB Spot Light - 3 W to 50 W with 4" to 12" Size
- Oditronics Technology Service Support Business Vertical - OEM/ODM/Bulk Impoters**
 - TRC Support - Components level repair up to BGA /CPU Socket/RAM Slot (IT , Surveillance & CE Products)
 - RMA Support - Through reverse Logistic for IT , Surveillance & CE Products
 - TRC/RMA Technology Consultant For IT Surveillance & CE Products

PRODUCTS

- AC in – 110 – 265 /50-60 Hz.
- DC Out – 12 V / 2 Amps (PWM Base Circuit)
- Output Port – Single Channel
- Body – Pre Coated Metallic enclosure for purely Industrial use
- Application -2 Nos. Analogue Cameras can be connected or 1 No HD Camera.

ODITRONICS 12V 10 Amps

- AC in – 110 – 265 /50-60 Hz.
- DC Out – 12 V / 10 Amperes.(PWM Base Circuit) with True power output.
- Output Port – Dual Channels with Perry PCB Terminal.
- Body – Base with Aluminium as a heat sink for less RMA failure & Top cover with ventilated MS Black powder Coated Metallic enclosure for purely Industrial use .
- Application - 8 (4 x 2 per channel) Nos. Analogue Cameras can be connected or 4 Nos. of HD Cameras.

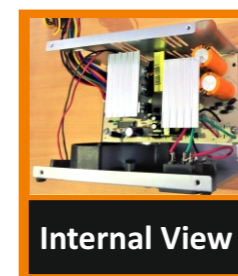

ODITRONICS 12V 8 CH 8PORTS

- AC in – 110 – 265 /50-60 Hz.
- DC Out – 12 V / 1.25 Amperes Per Channel.(PWM Base Circuit)
- Output Port – 8 Channels.
- Body – AVS Plastic.
- Application - 8 Nos. Analogue/8 HD Cameras can be connected.

ODITRONICS PS3 -200W POWER SUPPLY

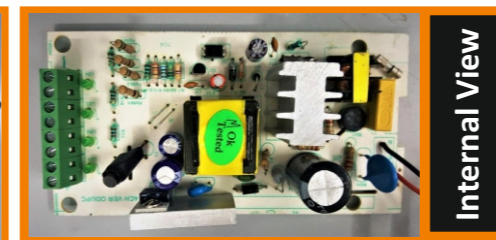

Internal View

- AC in – 110 – 265 /50-60 Hz.
- DC Out Voltages – +12 V , +5V , +3.3V-12V , +5V SB.
- Output Power Connectors – 1 No 20 Pin+4 Pin , 1 No 4 Pin Power Aux , 2 Nos. SATA , 2 Nos.IDE .
- Fan – 8 x 8 CM Silent .
- Body – Pre Coated Metallic enclosure mini ATX.
- Application – For Desktop Small PC System

ODITRONICS 12V 4 CH 4PORT

Internal View

- AC in – 110 – 265 /50-60 Hz.
- DC Out – 12 V / 1.25 Amperes Per Channel.(PWM Base Circuit)
- Output Port – 4 Channels .
- Body – AVS Plastic .
- Application - 4 Nos. Analogue/HD Cameras can be connected .

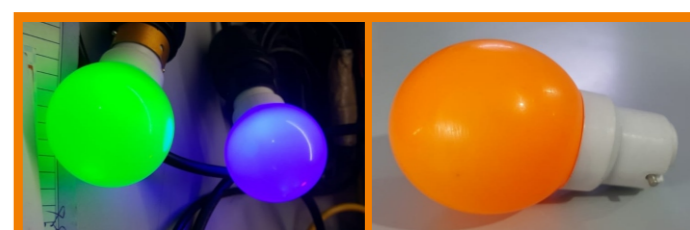

Square down LED Lights

Round down LED Lights

Spot LED Lights

.5 watts LED colour bulbs

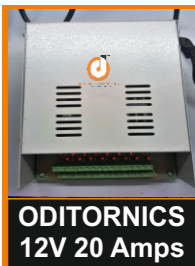

Range of LED Lights with B22 Nickle Cap IC based Driver and with Surge

ODITRONICS 12V 5 Amps

- AC in – 110 – 265 /50-60 Hz.
- DC Out – 12 V / 5 Amperes.(PWM Base Circuit) with True power output.
- Output Port – Single Channel with Perry PCB Terminal.
- Body – Base with Aluminium as a heat sink for less RMA failure & Top cover with ventilated MS Black powder Coated Metallic enclosure for purely Industrial use .
- Application - 4 Nos. Analogue Cameras can be connected or 2 No HD Cameras.

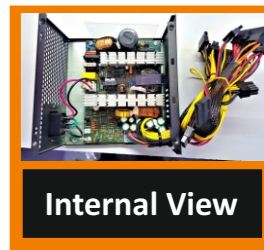

ODITRONICS 12V 20 Amps

- AC in – 110 – 265 /50-60 Hz.
- DC Out – 12 V / 20 Amperes.(TOP-266 Built in PWM Circuit) with True power output.
- Output Port – 16 Channels with 130 D PCB Terminal.
- Body – Ventilated MS White/Black powder Coated Metallic enclosure for purely Industrial use .
- Application -16 Nos. of analogue Cameras can be connected or 8 Nos. of HD Cameras.

ODITRONICS 500W/600W/750W

- AC in – 110 – 265 /50-60 Hz.
- DC Out Voltages : +12.1V & 12.2V , +5V , +3.3V-12V , +5V SB , 6+2 PCI Exp x1 ,
- Fan -12 x 12 CM Silent oscillation .
- Output Power Connectors – 1 No 20 Pin+4 Pin , 1 No 4 Pin Power Aux , 2 Nos. SATA , 3 Nos.IDE & 3 PATA
- Body – Pre Coated Black Metallic enclosure
- Application – For Gaming & Work Station
